

POLITICIANS IN A SQUABBLE

IAUKEA, ACHI AND SLATE-MAKERS

TAYLOR FOR SHERIFF THE PROPOSITION BEING WORKED UP BY SOME REPUBLICANS—IAUKEA SAYS HE DOESN'T CARE ANYTHING ABOUT ACHI AND DEMOCRATS COMPLAINT OF ALLEGED PLEDGES UNFULFILLED.

For Mayor of the city and county of Honolulu, John C. Lane.
For Sheriff of the city and county of Honolulu, Albert P. Taylor.
Auditor, James H. Boyd.
Treasurer, W. C. Achi.
Clerk, D. Kalanokalanani Jr.
County Attorney, ———?

The above is a political list on which the attention of many politicians is centered. Iaukea is not in this deal. Republicans are not at all satisfied with losing the sheriff's office, and it is admitted that the present administration is a good one, but the Republicans claim that it is Taylor who did the work, and they may go into the next campaign with him as leader, though in justice to Taylor as a subordinate of Iaukea it must be said that as far as known he has not been consulted on the programme.

Iaukea has offended some of the influential Democrats by alleged breaking of anti-election pledges. Republicans, except those who wanted to oust Brown, never did want him in, and he may lack the support of all sides when it comes to the next fight. In the meantime, he is friendly to every side and stands with considerable strength on the platform of not caring for any political party and only wanting to give a good administration. In an interview given today, he announced his willingness to accept a nomination for a second term. As a counter to this, there are many Republicans who would like to get the office back for their party who want to run Taylor, really the "brains of the departments" as far as most police matters are concerned, according to a very general impression.

In the county supervisors' row, Iaukea has in open interviews declared for Chairman Hustace, but it was from Iaukea that the first intimation of a removal of Hustace from the chairmanship came, and it is declared by Brown's supporters that a word from Iaukea would have kept Brown out of the police station and prevented the "turn down" of Hustace which may now be followed by a general new county deal. Nothing would suit the Brown, Boyd, Clark element better.

Chairman Hustace of the Board of Supervisors, according to rumors which have been in circulation ever since the Board voted for Brown against his

views, may be removed from the chairmanship by resolution. Hustace stated this morning that he had not heard anything about a plan to get a new chairman and he didn't want to discuss the proposition. It is known, however, that other members of the board have been caucussing on the subject, and Cox has been proposed as chairman.

"I do not believe," said Nagaran Fernandez today, and Nagaran is close to Senator Lane, "that the Supervisors will commit themselves to any such fool move as endeavoring to put Charlie Hustace, Jr., out of the chairmanship of the Board. Hustace is too good a man for them to attempt any such nonsense. He may be radical at times, but he has done nothing for which he should be removed, and besides after the threats and announcements of Charlie Achi, the supervisors would merely be bringing upon themselves the appearance of following Achi and working for him.

"The business community and all solid citizens would lose every confidence in the supervisors and perhaps in the system of County government should the supervisors remove Hustace.

"I do not believe that there is anything to fear, in this regard. Hustace will stay where he is and where he at present belongs.

"To in any way acknowledge connection with Charlie Achi or to put themselves in the light of having to do with his schemes would be for the supervisors to put themselves in a position not to be trusted and I'm sure they will not be taken in by any of Achi's games."

Fernandez added that he entirely agreed with Sheriff Iaukea's published sentiments.

Sheriff Iaukea when asked this morning if he had anything to say in reference to the open letter addressed to him by Achi, replied as follows: "I do not consider that anything that Achi says is of any consequence. I am conducting the office of Sheriff to the best of my ability, and if the people of Honolulu consider that I am worthy of any other office, or if they desire me to run again for the office I now hold I will do so.

"I have not considered it of enough

My Dear Sheriff Iaukea:
Sir:—In the P. C. Advertiser of this morning, I see that you stated that "I and the class I stand for are spoliemen, pure and simple, etc."

I admire you for your declaration, and half believe that you are not a spolieman. I only wish that you had declared that before the last election.

Did not you come at my house on several occasions before the last election, and in the presence of my friends, who are the people you now say that you would not have around you, and to whom you yourself made promises which I believed you would carry out?

Did not you on those occasions promise me and my friends, that in case we should give you our support, and if you would be elected, you would appoint those who I might recommend in the police force? Did not you make those promises without any request from me?

Did not you come at my office after your election, in the presence of some of my friends, and told me to prepare my list?

Am I a spolieman, or are you not a spolieman?

Were you not a Republican, and because you failed to get the position of Treasurer of the Territory, which position I earnestly worked hard for you, you withdrew from the Republican Party, and became a Home Ruler?

Did I try to get any salary office in the Territory or any other government in the Hawaiian Islands?

Did not you, after knowing that you had no chance to get an office in the Home Rule party withdraw from it, and become a Democrat?

Did not you join the Democratic Party with the idea that it was the first step for you to get an office?

Now at this late day, while you are enjoying the fat office of Sheriff of the County of Oahu through the Democratic Party; I believe you know in your mind that your Democratic friends have no further use for you, because you know, that instead of you taking advice from your Democratic friends, you threw them out, and followed the advice of the P. C. A. of Hawaii.

Now you propose to start a Good Government League. Why?

Are you not thinking of getting the nomination for the Mayor for yourself, and the nomination for Sheriff for your friend, the P. C. A. of Hawaii?

Is Achi the spolieman, or Sheriff Iaukea? The echo cries Iaukea! Iaukea!

To my belief, the American public is that when you promise something to your workers you should carry it out.

Is it an abomination to you for me or my friends to be around you? If so, your body must be a holy one.

Very respectfully yours,
W. C. ACHI.

KIHEI DEAL IS NOW SETTLED

TEN DOLLARS A SHARE THE GENERAL BASIS OF HONOLULU STOCK-HOLDERS' SELLING OUT—PLANS FOR HAWAIIAN COMMERCIAL TO PAY HALF CASH AND THE BALANCE IN SIX PER CENT PAPER.

While E. M. Walsh and Ed. Pollitz will not talk for publication, it is understood that they favor the purchase of Kihei Plantation and will so report to the directors of the Hawaiian Commercial & Sugar Company. It will take half a million to swing the deal, and the present state of the money market may postpone the sale until coin becomes easier.

To prevent any delay in the transfer of the property, a majority of the stockholders have signified their willingness to accept one half cash, the balance in paper for one year at 6 per cent. Written authority for this plan of settlement will be carried forward by Messrs. Pollitz and Walsh.

Almost to a man the Honolulu stockholders are willing to sell their shares at \$10. They think it best to sell the plantation; at the same time, they feel that Hawaiian Commercial is getting value received. As the matter stands now both sides are satisfied and the deal will go through, unless some unforeseen snag is uncovered.
